

Responsible Gambling

1. The risks associated with gambling and how to gamble safely

Betway is committed to doing everything possible to give its customers an enjoyable playing experience, whilst recognising that gambling can cause problems for a minority of individuals. It is important to note that gambling should be for fun and never to make money or to escape from your problems. Gambling might cause certain risks such as physical, mental or economic problems. We want you to make a good use of our platform, therefore you should always be aware of the amount of money and time spent gambling, and please familiarise yourself with the responsible gambling tools available to you to help minimise any potential risk of gambling.

To ensure that you continue to enjoy safe and manageable play we fully support Responsible Gambling and have numerous measures in place to ensure customer safety.

Please contact the following number to hear a full list of responsible gambling tool information: 910 470 240.

Betway does not accept non-Spanish residents.

To carry out the registration of Your Customer account, Betway:

3. Protection of Minors and prohibition to gamble

With the Internet so readily accessible in homes around the world, responsible online gambling relies heavily on responsible parenting. In order to ensure child safety on the Net, Betway encourages its customers to make use of filtering software to prevent minors from accessing inappropriate online material. Underage gambling is not only illegal but can also result in gambling dependencies and huge gambling debts incurred by unsupervised children.

Betway aims to protect vulnerable people and minors. Any person under 18 years old will be prevented from registering on our gambling platform. Our technical implementations ensure that minors are not allowed to register on our website. However, in the case a minor was able to register on our website using fake data or the data of an adult, once such account has been detected:

- Betway will refund all deposits and confiscate the winnings.
- The gambling account will be closed.
